

MODEL 525/500

STANDARD/HEAVY DUTY ROLLING GRILLE

THE PORVENE QUIET GLIDE GRILLE

Standard clear anodized grilles are attractive and have versatile applications. They make ideal secured entrances for restaurants, pharmacies, car dealership parts rooms, and many other places that require security along with visibility. Rolling Grilles provide access control and after-hour security to interior and exterior openings. These doors permit visual access to separated areas.

- * SIZES UP TO 10' x 10' STANDARD WITH PUSH-UP OPERATION
- * ANODIZED COLOR OPTIONS AVAILABLE
- * POLYETHYLENE WEAR STRIPS FOR SMOOTH OPERATION
- * HIGH CYCLE OPTIONS AVAILABLE

MODEL 525/500

STANDARD/HEAVY DUTY GRILLE

STANDARD FEATURES

(Model 525): Clear anodized complete curtain.

(Model 500): Clear anodized aluminum tubes over steel rods for added strength and security.

Guides: Clear anodized extruded aluminum with polyethylene wear strips for smooth operation.

Bottom Bar: Clear anodized with low friction nylon blocks mounted at ends for smooth and quiet operation.

Counterbalance: Helical torsion springs calculated for optimal ease of operation.

Slide bolt locks standard on all push-up and chain operated grilles.

Up to 10 x 10 grilles standard with push-up operation. We recommend all larger sizes should have chain or electric operation.
